Mil Rates

Currently FY 22-23, Ashford's real estate, personal property and motor vehicle mil rate is 32.265, with a mil valued at \$359,182.36. The proposed Ashford FY 2023-2024 town budget mil rate would be 33.08 mils, an increase of .82 mils with one mil realizing \$360,990,936 in revenue based on the 2022 grand list. The formula to compute an estimate of taxes are as follows: multiply assessment of the property by the mil rate and divide by \$1,000 and this will total amount of taxes due.

General Government

\$3,839,250

The Board of Selectmen presented to the BOF on March 9th, a budget request decrease of \$(\$2,466) from the FY 22-23 budget. The BOS FY 23-24 proposed budget increases >1000.00 are mainly attributable to:

- General wage across multiple departments
- -Youth Services Dept 225,48000 & 225,71000 \$17,121
- benefit increases 16% Dept 71000 \$71,780
- Municipal insurance Dept 72000 \$7,830
- Additional Transfer station Staff & increase in hauling fees, Dept 3000 \$45,000
- Increase wages and supplies for Ashford Volunteer Fire Department, Dept 92000 \$69,470
- Increase in Public Works Dept 31000 wages & Dept 32000 Materials: i.e. gravel, salt/ice control, culvert etc. Dept 33000 parts & equipment \$42,600
- Civic & Culture-adding contribution to United Services Dept 44000 \$3,029
- Debt Service (-192,800)

Ashford Board of Education (BOE)

\$8,578,536

The Board of Education presented to the BOF on January 14th, a budget request increase of \$241,109 (2.89%) above the FY 22-23 budget. The BOE FY 23-24 proposed budget increases are mainly attributable to:

- Certified, non-certified staff and paraprofessional contractual salary increases
- Employee Medical and Life Insurance
- -Additional Staff 1.5 (School Psychologist & Reading Interventionist)

Copies of the Board of Education detailed budget are available on the Ashford School's website.

Regional School District-19 Board of Education \$3,680,487 (Ashford Share)

The budget proposed by the Region-19 School Superintendent has increased by \$177,948. For FY 23-24 the requested budget amount is \$20,035,910 with Ashford's share projected to be \$3,680,487. The referendum for Region 19 will be held Tuesday, May 2nd, 2023. Reminder: each town is responsible for a proportionate share based on their sending student population, which is set every October 1st. Ashford budget cycle has a higher student enrollment as compared to our tri-town partners so Ashford is paying a high percentage. The Board of Finance wants everyone to be aware that in the following budget cycle, FY 23-24, our student population may return to its historically proportionate position. This means that even with a zero increase in Region-19 expenses Ashford residents will need to anticipate an increase expenditure to cover our share of the Region-19 budget in the next fiscal year

Capital Improvements

\$2,189,042

The Capital Improvement Projects budget has no impact on the proposed 2023-2024 mil rate. State LOCIP and Town Aid Road grants totaling \$198,519 will be used to offset primarily DPW capital expenses. A \$500,000 CT Grant from DECD will be used to offset the cost of the Cadlerock property remediation. Ashford School's Unexpended Fund & insurance reimbursement will contribute \$135,497 toward the upgrades of a generator and fire alarm system. The remaining \$355,945 of capital improvements will be funded by the Town's Capital Non-Recurring (CNR) Fund. The proposed Capital Improvement Projects plan for 2023-2024 is described in the *Five-Year Capital Improvement Program 2023-2024* section of this package.

Revenues

Non-property Town and State General Fund revenues for FY 23-24 are anticipated to be \$4,136,695.

General Fund - Unassigned Fund Balance

Revenues the Town receives are captured in the General Fund. Revenues not designated for a specific purpose are considered Unassigned (uncommitted).

The June 30, 2022 audited Unassigned Fund balance was \$2,071,758 which is 13.6% of the total General Fund budget basis expenditures. A healthy Unassigned Fund balance is generally 10-15% of a town's Operating Budget.

As stated in Ashford Financial Management Goals, which are in keeping with auditor recommendations and are included in Moody's assessment of the Town's credit worthiness, we do not use the Unassigned Fund balance to offset Ashford's annual operating budget (decrease the mill rate); to do so would have an inherently destabilizing impact on current and future operating budgets.

The Board of Finance

- Maintains an Unassigned Fund balance of approximately 10% of the current year Operating budget to:
 - o Ensure adequate cash flow during the fiscal year.

- o Prevent the demand for short-term borrowing in the event of an emergency or if state revenues are lower than expected during the fiscal year. Note, Ashford's budget is decided prior to state budget finalization
- Transfers the Unassigned Fund Balance in excess of 10% to the Capital Non-Recurring Fund, which is only used for large, one-time capital purchases (e.g., school bus) and projects (e.g., road resurfacing). This prevents large fluctuations in the mill rate from year-to-year for municipal purchases and improvements.

Capital Non-Recurring (CNR) Fund

The June 30, 2022 audited CNR Fund balance decreased \$131,794. FY 22-23, the Capital Projects Five Year Plan anticipates utilizing \$204,468 of CNR funds toward suggested funding. On March 3, 2022, the Board of Finance made a transfer of \$204,468 from the Unassigned Fund Balance to the CNR Fund for Oil Tank Ashford school and capital municipal needs. Review the projects listed in the 5 Year Local Capital Improvement Plan section of this budget package to see what projects were approved by the BOF.

I strongly encourage Ashford citizens to attend the Ashford Town Meeting via "Zoom" Tuesday, April 18th, 7:00 p.m., to share their views on the proposed budget with our Town officials and other Ashford taxpayers. Please contact me at bofashford@ashfordtownhall.org if you have questions or comments for the BOF.

Respectfully yours,

Judith Austin, Chairman, Board of Finance

TOWN OF ASHFORD FINANCIAL MANAGEMENT POLICY

The Board of Finance has developed the following to aid current and future board members in planning, monitoring and communicating to the community the Town's approach to financial management. This policy will be periodically reviewed to keep it current.

FINANCIAL REPORTING PERFORMANCE

- The Town will adhere to full and open disclosure of all financial activity.
- Records will be maintained on a basis consistent with accepted municipal accounting standards.
- The Comprehensive Annual Financial Report will be prepared in conformity with generally accepted governmental accounting principles and financial reporting practices.
- An independent public accounting firm will be employed to perform an annual audit of all Funds,
 Authorities, Agencies and Grant Programs, and the annual audited report will be made available to the
 general public, bond and financial consultants, and other interested citizens and organizations. The audit
 will be completed and submitted to the Board of Finance within one hundred seventy-five (175) days of
 the close of the Town's fiscal year.
- 501(c)3 organizations that use funds provided by the Town must report how those funds were used to the Board of Finance on an annual basis.

FUND BALANCE

- The goal is to preserve the Town of Ashford's financial stability and maintain the Town's credit
 worthiness while ensuring a positive cash flow in the event of temporary revenue shortfalls and/or
 unanticipated major expenditures.
- The goal is to not use the undesignated fund balance for operating expenses, as this practice has an inherently destabilizing impact on current and future operating budgets.
- A year-to-year carryover fund balance will be maintained in an amount necessary for adequate cash flow and to prevent the demand for short-term borrowing. The undesignated fund balance should be approximately ten to fifteen (10-15) percent of the general fund operating budget.
- Fund balance in excess of the goal shall be transferred to the CNR Fund and used for one-time
 expenditures.
- Government Accounting Standards Board (GASB) fund classifications and hierarchies will be used for fund balance reporting.

CAPITAL IMPROVEMENTS PERFORMANCE

- Capital improvements will be based on long-range projected needs in order to minimize future maintenance, replacement and capital costs.
- All capital improvements should be made in accordance with the Town's five-year capital improvement
 program. The capital improvement program shall be revisited annually.

TOWN OF ASHFORD FINANCIAL MANAGEMENT POLICY

- The five-year capital improvement plan will be coordinated with the operating budget in order to maintain a reasonably stable total tax levy.
- Unanticipated capital improvements will be funded from CNR to the extent available.
- Before submission to the Board of Finance, the Board of Selectmen will identify the estimated cost
 and potential funding sources for each capital project proposed. Future operating costs associated
 with a proposed capital improvement will be evaluated before a decision is made to implement a
 project.
- Federal, State and other intergovernmental and private funding sources will be sought out and used as available to assist in financing capital improvements.

INVESTMENT PERFORMANCE

- A cash flow analysis of all funds will be developed on a regular basis. Collections, deposits and disbursement of all funds will be scheduled in a way as to ensure maximum case availability.
- Where permitted by law, cash from separate funds and sources will be pooled to maximize
 investment yields. Interest will be credited to the General Fund except where prohibited by law or
 where the source of the cash is from an individual or corporation to insure performance.
- Investment policy will be consistent with State law and will provide for security of principal as well as needed liquidity.

DEBT PERFORMANCE

- Long-term debt will be limited to those capital improvements that should not be financed from current revenues.
- The maturity date for any debt will not exceed the reasonably expected useful life of the project so financed.
- The total direct general obligation debt will not exceed statutory limits.
- The issuance of Bond, Tax and revenue Anticipation Notes will be avoided.
- An official statement will be prepared to be used in connection with all sales of bonds and notes.
- Good relations will be maintained with financial and bond rating agencies and a policy of full and open disclosure on every financial report and bond prospectus will be followed.

OPERATING EXPENDITURES PERFORMANCE

- The Board of Finance will propose, and the Town Meeting will adopt and maintain a balanced budget in which expenditures will not be allowed to exceed reasonable estimated resources and revenues.
- All current operation and maintenance expenses will be paid from the current revenue sources.

TOWN OF ASHFORD FINANCIAL MANAGEMENT POLICY

- The operating budget will provide for the adequate maintenance of capital assets and equipment.
- The budget will provide for adequate funding of all employee benefit programs and retirement systems.
- A budgetary control system will be maintained to enable adherence to the adopted budget. This will
 include a record keeping system to be adhered to by all programs and activities receiving annual town
 budget appropriations.
- A system of regular monthly financial reports comparing actual revenues and expenditures to be budgeted amounts will be prepared and maintained.
- An effective risk management program to minimize loss and reduce costs will be developed and implemented. The Board of Selectmen will ensure that adequate insurance programs are in place, including unemployment and worker's compensation insurance.
- Delivery of services by other public and private organizations will be encouraged whenever and wherever greater efficiency and effectiveness can be expected. Technology and productivity advancements that will help reduce or avoid increasing personnel costs as a proportion of the total budget, to use available resources more productively and creatively, and to avoid duplication of effort and resources.
- A Reserve Fund for Capital and Nonrecurring Expenditures will be maintained and will be
 adequately funded each year by a transfer from the General Fund Budget and by unanticipated onetime revenues.

REVENUE PERFORMANCE

- A diversified and stable revenue system will be maintained as protection from short-run fluctuations.
- Annual revenues will be estimated based on an objective and reasonable basis. The Board of Finance will project revenues annually during the budget cycle.
- Special Revenue Funds are used to account and report the proceeds of specific revenue sources that
 are restricted or committed to expenditure for specific purposes other than debt service or capital
 projects.
 - One-time or special purpose revenues will only be used for capital expenditures or for expenditures required by the revenue (grants) and not to subsidize recurring personnel, operation or maintenance costs.
 - o The creation of any new special revenue fund must be approved by the Board of Finance.
 - o The purpose of the special revenue fund, and which revenues and other sources for the fund must be formally documented.
- All user charges and fees will be periodically re-evaluated at a level related to the cost of providing the services.
- Appropriate expansion and diversification of the tax base will be encouraged, and additional Federal
 and State revenues will be sought in order to reduce the reliance on the property tax due to its effect
 on individual homeowners.

- 6. The Ashford Board of Finance shall approve a proposed budget for presentation to the Town at Public Hearing. This will include General Government, Ashford Board of Education, Ashford Capital Improvement Plan and Region 19 Board of Education budget plans.
- 7. The Board of Finance shall hold at least one Public Hearing on the budget. A Public Hearing for the 2021-2022 budget shall be scheduled for April 26, 2021. The Annual Budget meeting will adjourn to referendum to be held May 25, 2021. If the budget is not adopted at referendum by July 1, the last budget adopted by referendum shall remain in effect for the new fiscal year until a new budget is approved at referendum.
- 9. The level of control for all legally adopted budgets (the level at which expenditure may not legally exceed appropriations without Board of Finance and/or Town Meeting approval) is at the department level for the General Government portion of the General Fund. Budgetary transfers from one department to another within the General Government may be made by the Board of Finance. Transfers or new appropriations that exceed \$20,000 must be approved by consecutive actions of the Board of Selectmen, Board of Finance and a Town Meeting. The Ashford Board of Education and Region 19 Board of Education have full authority over transfers within their own budgets.
- 10. Except for encumbrance accounting in the General Fund, all budgets are prepared on the modified accrual basis of accounting. Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in order to reserve that portion of the applicable appropriations, is employed as an extension of formal budgetary integration. Since the Town intends to honor contracts in process at year end, encumbrances outstanding as of June 30 are reported as reservations of fund balance, since they do not constitute expenditures or liabilities.
- 11. Unencumbered appropriations lapse at fiscal year-end, except for capital project budgets, which remain in effect until completion.
